

Help save Earl's Court, West Kensington, Fulham & West Brompton from overdevelopment and demolition

SAVE EARL'S COURT!

1. **Demolition** of Earl's Court Exhibition Centres and the loss of hundreds of homes
2. **Loss** of an important international Exhibition venue
3. **Massive** loss to local, London and UK businesses
4. A cluster of 28-floor towers—altering our skyline forever
5. 77-acres of **overdevelopment** with many homes in Conservation Areas being overlooked
6. **15,000 plus** extra residents in one of the most overcrowded, congested and polluted parts of London
7. **20 years** of demolition, construction, site traffic, dust, noise and property blight
8. Additional pressure on our **tube stations** and **roads**
9. **No** proper impact studies, no area action plan
10. **Conflict of interest:** Land owned by TfL and LBHF.

Please WRITE before it's too late!

Despite overwhelming opposition from local residents, RBKC and LBHF Councils have granted these plans, and are expected to submit them to the London Mayor (and Chair of TfL), Boris Johnson, for approval in January 2013.

Please **WRITE** by **FRIDAY 11 JANUARY**, asking the Mayor to block the development, and asking the Secretary of State, the Rt Hon Eric Pickles MP, to call the applications in:

The Mayor of London
c/o Planning Decisions Unit
The Greater London Authority
City Hall, The Queen's Walk

The Rt Hon Eric Pickles MP
Secretary of State for Communities and Local Government
Department for Communities and Local Government
Eland House, Bressenden Place
London SW1E 5DU

Based on the points above and any others you think relevant, please ask:

1. The London Mayor to direct the Councils to refuse applications.....; and
2. The Secretary of State to call in the applications because the Mayor faces a conflict.
